**Re: TP-900**

## **Route 1&9 Pulaski Skyway Superstructure & Substructure Rehabilitation, Seismic Retrofit & Drainage**

Last Date to Submit Questions: September 11, 2012

Proposal Submission Due Date: **September 18, 2012 (3:00 p.m.)**

### **ADDENDUM #7**

The following Questions and Answers constitute Addendum #7 to the above referenced solicitation.

- 34) Has a federal lead agency been identified and what type of environmental document(s) is anticipated (CE, EA, and EIS)?

**This project is to be funded with 100% State funds. Therefore, there is no federal agency involvement.**

**A CE is anticipated for the rehabilitation work.**

- 35) Does the Department intend to have a navigation analysis performed for the purpose of evaluating the existing or proposed river pier fender systems as part of the rehabilitation program for the structure?

**Evaluation of the existing river pier fender system is not a part of the five rehabilitation contracts referenced in this solicitation.**
